Detailed Schedules

ACCREDITATION

Sunday 25 of August – 14h00 to 19h00

Monday and Tuesday 26 and 27 of August – 09h00 to 18h30

Wednesday 28 of August – 08h30 to 17h30

Thursday 29 of August – 07:30 to 18h00

Friday 30 of August – 07:30 to 18h30

Saturday 31 of August – 07:30 to 19:00

Sunday 1st of September – 07h30 to 17h30

Accreditation will be in the team quarters (a school near the venue) until 28 of August. During the competition days it will be at the Info Point at the venue.

Only one representative (team leader) per country should attend at the accreditation desk at team quarters (school) to collect their country's documentation.

SCRUTINEERING

The scrutineering will take place at the venue from Monday at 13h30. The scrutineering schedule will be available at accreditation to the country representative. The scrutineering ends at 17h15 on Wednesday 28 of August.

TEAM LEADER'S MEETING

The meeting will take place at Coimbra University Stadium on Wednesday 28th at 11h00.

The location is around 1km away from the venue and there will be a special shuttle bus service to transport all team leaders and other attendees. Busses will depart at 10h30 from the venue and will return 10 minutes after the end of the meeting.

ONLY one team leader per country plus one Coach, or team captain of that country is allowed to attend.

Topics for the meeting

- Welcome from the Mayor of Coimbra,
- Welcome from the Portuguese Canoe Federation President,
- Venue, accommodation, transportation and other questions
- Refereeing and rules
- Other technical information about the competition

OPENING CEREMONY

The Ceremony will take place at the venue on the left-hand side (facing Mondego river) of the pedestrian bridge.

The organizing committee requests one athlete per TEAM be available for the small parade at the venue.

Those accepting should be at the info point at 17h30.

There will be 600 seats available and everyone is invited.

The ceremony is predicted to last 45 minutes.

VENUE LAYOUTS & SPORT FACILITIES

There are three different areas for the event.

- 1. The Venue where all 4 pitches are located and the majority of facilities for the event are located.
- 2. A Secondary School, located 200 meters away from the venue, where the teams quarters are located.
- 3. Lunch and dinner facilities, located on the left-hand side (facing Mondego river) of the venue and the team quarters.

All three areas are short walking distance (less than 4 minutes) apart.

All these areas will have controlled access. All team members MUST always have their accreditation badge, visible to everyone.

VENUE (Main structures for teams)

- Parking for team's vans and cars. When needed, Identification card(s) will be available at accreditation;
- Info Point. It's the first "door" to talk to the Organizing Committee about transportation, accommodation or other issues. Also, competition documents and results can be collected there;
- Organizing Committee Office. Can only be accessed by team leaders after being directed by the info point;
- Showers (cold water) and toilets are available at the venue;
- Boat Racks. Each TEAM will have a specific rack to hold the boats. Please look for your Team Name in the designated area.
- Athletes lounge. When scrutineering is completed a relaxation area will be created for all athletes.
- -Bike Rental With many of the accommodation options being close to the venue, the organizing committee provides a bike rental service.
- 1 day of rental 15,00 €
- 2 days of rental 28,00 €
- 3 days of rental 40,00 €
- 4 days of rental 48,00 €
- 5 days of rental 55,00 €
- 6 days of rental- 63,00 €
- 7 days of rental- 70,00 €
- 8 days of rental- 72,00 €
- 9 days of rental- 80,00 €
- 10 days of rental-85,00 €
- 11 days of rental- 93,00 €
- Boat service area. The Portuguese manufacture CONNECT will be the official supplier for the boat repair and service.

Official website at www.Connectkayaks.eu

TEAM QUARTERS

At the Secondary School will be the accreditation centre, hot water showers, toilets, Massage service, anti-doping and individual rooms for each COUNTRY.

Please look at the entrance and in the attached layout where your country room is located. For Countries with more than one TEAM, the room will be prepared for the privacy of each teams.

A Bar is available in the main lobby where the games can be seen on four large plasma screens.

For the Massage service, there is a private company in charge for this service.

As already sent to all countries, reservation of massages or equipment can be done in advance.

This Service will also be available all week of competition at Team Quarters

TRANSPORTATION AND SHUTTLE SYSTEM

Airport Shuttle system

All teams who requested airport transport are being contacted to confirm this service.

At arrival, please find at 'Arrivals' a person with a sign showing the logo of the event.

Teams who booked boat transportation to the venue must bring the boats to the dedicated van.

The organizing committee will be responsible for the loading and unloading of the boats.

Boats will be unloaded at the venue next to the boat racks.

The contracted service for the boat transportation will only include boats and all equipment inside the boat bag. No other individual objects will be allowed. Those should be taken to the Team Bus.

All teams will be required, at the venue, to confirm their departure plans at accreditation.

Teams using our airport shuttle service, that have not booked accommodation with the Organizing committee, will be taken directly to accreditation. Teams arriving during a period when accreditation is closed will be taken to a place of their choosing to a maximum of 5km from the venue. WE MUST receive the location of the drop before team's arrival.

Emergency contact for transportation. Please use only in extreme cases. +351 916047177 Hugo Figueiras

Competition Shuttle system

There will be pre competition and a competition shuttle system, from Monday 26th.

Two routes will be available covering the different accommodation options around the city of coimbra. This schedule is provisional and may be updated in a daily base. Please always check the hotel lobby and Info Point at the venue.

All schedules are attached to this document

ACCOMMODATION

Please check the table below with the distribution of teams by Hotel option.

ANTI DOPING

International Canoe Federation congress has endorsed a proposal to extend compulsory anti-doping education courses to all senior, U23 and junior international athletes across all canoeing disciplines. It is important federations and teams understand that these education courses are compulsory for all international athletes and need to be completed before they compete in an international competition.

More information:

https://www.canoeicf.com/anti-doping-education

No players will be allow to compete without completing this course.

INVOICES AND PAYMENTS

All invoices for accommodation packs, meals, participating fees and transportation must be paid before teams begin the accreditation process.

Payments can be made in advance, by bank transfer, or upon arrival by credit card or cash.

At the team guarters there is one ATM.

MEDICAL CARE

Private medical services will be provided at the venue during the competition days. Advanced medical services will be given at Coimbra hospital facilities.

These are to be paid by each NF insurance directly.

AUDIO VISUAL

The organizing committee is making a big effort and investment for audio and visual sport presentation for this event.

There will be a multi-cam broadcast TV production for each pitch for all competition days. Live Stream links will be published on the official website of the event at canoepoloportugal.com and in the official Facebook page.

During each game statistics and data collection will be made and be used for TV graphics and published in summary at the end of each game in the online results system.

Broadcast of all games will include English speaking commentary.

Venue commentary and announcing will also be provided in English and Portuguese.

TV screens will also be available for all 4 pitches at Team Quarters, Athletes lounge, VIP and Referee's area.

RESULTS SYSTEM

The Organizing Committee has developed a specific application for the online results system. You can access it at http://coimbra2019.spotfokus.com

Results and progressions will be published at the info point.

Each team leader or team responsible will be able request results on paper at the info point.

SECURITY ON SITE

The Team quarters will be open from 7H00 to 22H00. The organizing committee does not have access this area outside these times. There is no Security in Team Quarters, besides the regular school staff.

Be aware each Country will be given ONE key for their private room.

Key will have a deposit of 20 euros. The deposit will be refunded when the key is returned.

A person from the organizing committee will check the room before departure of the team.

At the venue there will be night security provided by the organizing committee, specifically for the boats on the racks, but we cannot be responsible for no other personal objects left on the site.

APPENDICES

ICF Canoe Polo Scrutineering Guide for major championships

For major ICF Canoe Polo events including World Championships and World Games, scrutineering of equipment will be a 3 - step process.

1. Cosmetic Tests

At the commencement of scrutineering, each team will present their equipment for checking. The whole team will have a visual check to ensure a high quality uniform appearance of helmets, PFD's and kayaks. <u>Each failed</u> item MAY be subject to a <u>50€ fine</u> (as determined by the event organisers). This fine must be paid before rechecking will occur before progressing to Step 2.

For multiple cosmetic test failures the whole team will lose their scrutineering time slot and will return for rechecking at a later time. Rechecking will take place after all other teams have had their initial checks. Practice times will not be rescheduled.

2. Safety Checks

All kayaks, paddles and helmets will be subject to safety checks for sharp edges. These checks have NOT changed and any failures will need to be rectified.

PFD's will be subject to padding thickness checks. Pfd's will also be checked for number dimensions.

Each player will initially be required to <u>wear</u> his or her Helmet (with facemask). These will be checked for compliance with section 106 and also for helmet number size .

The bumpers of EVERY kayak will be checked for condition- they must correctly attached in new or near new condition and of the correct dimensions. Any failures will be required to be replaced. Glue or silicone on the bumper that is still wet will result in a fail. Equipment will be sent away from the scrutineer area and must be returned later for a check.

All paddles will be checked for edge thickness, corner radius (30mm) and sharp edges. Any failures will need to be rectified as these specifications have NOT changed.

Any issues identified on any piece of equipment will be clearly noted on the team check sheet and initialled by the scrutineer. This issue must be rectified prior to the equipment moving onto the next stage.

3. Technical Checks Note: due to wear and tear-Bumpers are a safety check not a technical check.

Any kayak with an ICF label may be selected for a random check with full gauges for the technical specifications. Any kayak with an ICF label failing the technical specifications will be banned from use and the manufacturer will be asked to explain-Note: severe penalties apply.

Any kayak without an ICF label will be subject to a check with full gauges for the technical specifications.

There is an area reserved for NF sticker.

Step 1 – Cosmetic Checks

This step will ensure all items of equipment are uniform in colour and decals for each team.

Kayak checks will ensure any vinyl covering is of a high quality, with limited wrinkles and creases and will last the duration of the event. If vinyl covering is used it must uniform in colour and texture for the whole team.

Cosmetic Check FAIL- Vinyl covering must be smooth and done with care to match the whole team. Ensure a good professional look that lasts the whole event. 50€ fine would apply per kayak

Cosmetic Check FAIL- 2 kayaks with significant red showing and kayaks with different logo's or decals above join line- 5 * 50€ fine would apply

Kayaks must be uniform in colour and logos above the edge (for World Games they must also be uniform below the edge). Clear finish must be uniform in terms of weave.

Cosmetic Check FAIL- The clear carbon boat looks different in colour * 50€ fine would apply

Cosmetic Check FAIL- 3 kayaks with different decals above join line- 3 * 50€ fine would apply

Cosmetic Check PASS- All kayaks, PFD's and helmets the same

Helmets must be of a uniform solid base colour- the practice of covering a helmet with strips or sections of vinyl or tape is no longer acceptable.

Helmet numbers must be the minimum size of 75mm high and be a clearly contrasting colour and font size to stand out from a distance. Helmet numbers must be cut from one piece of vinyl. Strips of tape or vinyl to create numbers is no longer acceptable.

Cosmetic Check PASS- all helmets, kayaks and decals the same

All stickers and logos must be identical in size, colour and location. Previous events scrutineering stickers must be removed.

Cosmetic Check FAILdifferent logo's on each helmet 50 € fine per helmet.

Body protection must be uniform in colour and appearance. Minimum number size Front 100mm and back 200mm.

Cosmetic Check FAIL- numbers the wrong size. 50€ fine would apply per PFD

Step 2 - Safety Checks

This step will check all equipment for points of safety.

Kayaks

Will be tested for sharp edges, rough surfaces and padding attachment.

Kayak padding must be in new or near new condition and in one homogenous piece firmly attached to the kayak with no lose edges or ends as per the specifications. <u>No tape, wrapping, extra foam or other substances may be used to increase the padding profile or to ensure correct attachment!</u>

Pass- well fitted bumper- no major gaps.

Pass- edge tape is ok as long as no gaps underneath

Any padding failing Step 2 must be replaced with a new padding of the appropriate type to suit the kayak design before it will pass. It is recommended that teams or individuals carry spare sets of padding for each design (Minor repairs can be completed during the event with tape or wrapping)

Paddles

Must have no sharp edges or lose tape. Edge thickness will be tested using the appropriate gauge. Edging materials such as Kevlar tape must be correctly attached with no loose edges.

Electrical tape or equivalent is no longer acceptable to make paddles thicker or to cover sharp edges as it is too easily removed or comes off.

If the paddle edge is damaged a more permanent solution such as Kevlar edging is required.

When using the gauge if a paddle is able to enter the slot and reaches the bottom, this will be classed as a fail.

"51.5. Players may not apply any greasy substances to their equipment that change the frictional coefficient of the original surface."

Wax will only be allowed on the paddle shaft, in an area that would be covered by the athlete's hand when paddling normally.

Epoxy repairs are still allowed.

Helmets

Must have a correctly fitting facemask that covers from the jawline to the temple. It must also comply with the regulations in section 106.

** Note ** A gap of less than 5mm between the top of the faceguard and the helmet will be allowed. The 5mm can be measured using the paddle gauge.

Fail - does not cover chin

Fail - does not cover chin

< 5mm

Fail – occipital bone not covered.

The faceguard needs to be fitted so that a paddle cannot enter the gap between the face and faceguard when the head is tilted back.

Helmet bolts

Must not stick out too far or be dangerous (rusty, Bolt sticking out of nut and so on).

Body protection

In the form of a PFD must have the required thickness of 20mm on the front, back and sides (See specification in section 107).

(Please note- this is a NEW specification to improve player safety. PFD's that previously passed scrutineering may not meet this increased specification.)

Step 3 - Technical Checks

This step will check the technical aspects of all equipment in particular the kayaks.

Kayaks will be checked for the following:

- ICF Canoe Polo Kayak Manufacturing Label fixed inside kayak. Any kayak built after January 1st 2015 must have an ICF label permanently fixed on the inside surface in front of the seat. These kayaks will receive the following checks:
 - o Random gauge checks of all main dimensions- Length, Width, Depth and Weight
 - o Random gauge checks of all main radii and/or height/depth/width
- Any kayak built prior to January 1st 2015 that does not have an ICF Label will be subject
 to ALL of the standard gauges for length, width, depth, weight and radii. Note: After
 January 1st 2021, all kayaks must have an ICF Label to be used in ICF events including
 World Championships and World Games. (This does not prevent these kayaks being
 used in other competitions around the world.)

Any kayak failing any technical specifications will fail scrutineering and will not be able to be used in the event.

Stage 1 - Players are pre-checked wearing helmet for safety checks. Volunteers take kayaks and equipment behind screens for cosmetic checks.

Paddles, Helmets, PFD's

Each kayak gets a scrutineering sheet attached to the seat to track progress

Stage 2 - Once cosmetic checks are passed all kayaks and equipment proceed to safety checks (yolunteers to help transfer items to new area)

Stage 3 - Technical Checks, Kayaks checked for ICF Label, dimension and gauge tests

Dimension tests including length, width, depth, radii

Dimension tests including length, width, depth, radii

Once technical checks are complete, kayaks and equipment returned to team representative. Kayaks failing technical specifications will not pass <u>scrutineering</u> and cannot be used.
